Up with People

Up with People was founded in 1965 to be a positive voice for young people. For more than four decades, Up with People has provided young people from around the globe with a renowned international education and an unmatched passage-way to see the world through travel and cultural immersion.

Once primarily impacting communities through its musical productions, the current Up with People program addresses the need for young adults and leaders who have a global perspective, intercultural understanding, knowledge of worldwide social issues, leadership skills and a dedication to community service. Up with People exists today to spark people to action in meeting the needs of their communities, countries and the world while building bridges of understanding as a foundation for world peace.

Horizons Learning Foundation and Camp Horizons

Horizons Learning Foundation works with Camp Horizons to operate Camp Up with People. Camp Horizons is dedicated to providing children with a place they can call their own in our constantly changing world. Camp Horizons is a diverse community of campers and staff members, from many different cultures and backgrounds, working, playing and learning together. Our intent is to spark an energy capable of impacting people around the world through fun, friendship and respect for others and ourselves.

In operation since 1982, Camp Horizons is a coed, overnight summer camp for children ages 6-17. It is accredited by the American Camp Association and is a three-year recipient of the Markel Safety 1st Award. John Hall, Camp Horizons Owner and Founder, is an Up with People alumnus ('78) and has remained active in the alumni community.

PERFORMING ARTS LEADERSHIP SERVICE CULTURE

Camp Up with People brings together students from around the world to impact and inspire the community through service and song. Through outdoor activities, service projects and staging, campers will gain a sense of social responsibility, as well as the skills and appreciation of working cooperatively as part of a diverse group. Each session will culminate with an on-stage capstone performance.

Camp Up with People is located in the heart of the beautiful Shenandoah Valley of Virginia, approximately two hours from Washington, D.C.

Camp Up with People is a collaborative effort between Up with People and Horizons Learning Foundation in an effort to reach youth, ages 14-17, interested in performing arts, leadership and global citizenship.
